3A. GENERAL LICENSE GRANT

In consideration of Your payment of applicable license fees and/or Your acceptance of the terms of this Agreement, Dacons hereby grants to You certain nonexclusive and nontransferable rights limited by the terms of this Agreement. The Licensed Software is licensed (not sold) to You, for use strictly under the terms of this Agreement.

The Software is licensed (not sold) to you, in machine-readable (object code) form only for use only under the terms of this Agreement, and Dacons reserves all rights not expressly granted to you in this Agreement. If a License Key contains an expiration date or does not indicate the number of developers licensed, it is considered temporary, and multiple developers may use it for the sole purpose of evaluating the Software.

With a developer license, you are granted a nonexclusive, royalty-free license to integrate the plug-in into your FileMaker ® solution and to distribute such plug-ins in connection with such solution, provided that (a) such solution do not in any way compete with the Software or expose the functionality of the Software through a programmable interface, and (b) the solution has not been programmed for your in-house use in

which case you need to buy a network license (c) you purchased a network or developer license that allows for the number of end-users in one organization that will actually use your solution and (d) you are not developing, or selling any types of plug-ins or extensions for the database software FileMaker as that would be in competition to Dacons own plug-ins for FileMaker.

You may embed the License Key in Solutions that you distribute, provided that the following conditions are met: (a) each such Solution must be marked with a prominent copyright notice bearing your name as it appears in the License Key; (b) the License Key may not be embedded in any such Solution or distributed in any other manner that makes the License Key visible to the end user; and (c) Licensee may only distribute Dacons plug-ins in conjunction with and as a part of Licensee's own software product. Licensee's software product may include bound FileMaker Pro solutions and "unbound" native FileMaker Pro solutions. If you upgrade the Software to a higher-numbered version thereof or to a comparable Dacons software product, this license is terminated and your rights shall be limited to the license associated with that product or version.

3B. TRAIL LICENSE

To facilitate an evaluation of the Licensed Software by You, Dacons may provide a temporary Trail Key that are encoded with an embedded expiration date. This trail key might be embedded in the 'demo download' of the plug-in. The License granted in conjunction with such Trail Key and the 'demo version' is considered temporary, and multiple developers may use it for the sole purpose of evaluating the Licensed Software during a specific Evaluation Trial Period. Licensed Evaluation Trial Software contains mechanisms that inhibit its ability to function at a later date. Those are not allowed to be manipulated. It is Your responsibility to ensure that the Solution You create do not contain Licensed Evaluation Trial Software.
