BY USING THIS PRODUCT, YOU AGREE TO BECOME BOUND BY THE TERMS OF THIS LICENSE. IF YOU DO NOT AGREE TO THE TERMS OF THIS LICENSE, DO NOT USE THIS PRODUCT AND DELETE IT FROM YOUR SYSTEM.

ProjectMaker is licensed, not sold, to you by Gilbert-Ohm Inc. dba ProjectMaker ("Author") for use only under the terms of this License, and Author reserves any rights not expressly granted to you. You own the CD, if you purchased the ProjectMaker in that manner, on which the template is recorded or fixed, but Author and its licensors retain ownership of the enclosed product. Only those users that have paid the complete registration fee for ProjectMaker are allowed access to field creation, field modification, scripting or relationship setting access. Any acquired access to these areas from other sources than PROJECTMAKER is a breach of this software license and this product must be removed from your system immediately.

**1. License.** This License allows you to use this template with an authorized copy of the FileMaker Pro application software or FileMaker Pro Runtime User application if distributed in that manner. To "use" the enclosed template means that templates are either loaded in the temporary memory (i.e., RAM) of a computer or installed on the permanent memory of a computer (i.e., hard disk, etc.). You may make an additional copy of these templates for backup purposes. Furthermore, if you have more than one authorized copy of the FileMaker Pro application, you may use the template on any machine in the office - one copy for each authorized copy of FileMaker Pro.

The Licensee agrees that:

1. The Licensee will not copy the template except as necessary to run the template on each computer in your office
2. The Licensee will not copy the documentation except for inter-office use
3. The Licensee will not transfer to another party except as authorized by PROJECTMAKER in writing
4. The Licensee will not reverse engineer or disassemble the template to be marketed as a separate FileMaker template product
5. The Licensee will not remove or obscure any copyright or trademark notices on the software or documentation
